

Department of Information and Software Engineering
Self-Evaluation Form for
Certificate in Information Engineering

Please fill out this self-assessment form to be used in determining the foundation coursework to be completed as part of your Certificate program. Make the best match you can between graduate and undergraduate courses. Descriptions of the foundation courses can be found on the ISE Department web page at <http://ise.gmu.edu> and in the GMU catalog. Upon admittance to the INFE Certificate Program, you will be advised as to the foundation courses which will be required as part of your graduate program.
